You can purchase your pet's prescription medications from our in-house pharmacy, but you also have the option of purchasing your pet's products through our personalized online pharmacy! We use Vetsource as the platform for our online store. Vetsource is a trusted partner in online pet pharmaceutical sales.

Benefits of Purchasing Your Pet's Medications Through Our Online Pharmacy:

- **Home delivery** of your pet's prescription medications, therapeutic diets, and over-the-counter supplements.
- **Compounded medications** can be ordered for your pet, which is beneficial if your pet is sensitive to certain flavors or needs a smaller concentration or different formulation of a medication than what is commercially available.
- **Product and Brand Variety** - If we don't carry a particular medication or brand that your pet needs in-house, then we can look for it on our online pharmacy.
- **Preventatives can be purchased one dose at a time.** - saves you from having to purchase your pet's heartworm, flea, and tick medications all at once and reminds you to give your pet their medications each month.
- **Monthly Promotions** - save money on your pet's prescription medications. These promos can be found on PetMail messages sent directly to your email.
- **Autoship Option Upon Account Creation** – so you don't miss doses of your pet's medications. You also have the option of **checking out as a guest** when you purchase your pet's products.
- Vetsource has a **customer service team** to help answer any questions you may have regarding your pet's prescriptions. They can be reached at 877-738-4443 or homedelivery@vetsource.com.
- We work with Vetsource to provide **competitive pricing for our customers**. These price points are comparable to other major online veterinary pharmacies.
- By purchasing products from our online pharmacy, you are **supporting a local business!**

If you chose not to utilize our online pharmacy, we respect your right to do so. You may request a written prescription to submit to the pharmacy of your choice. If you have any questions concerning our online pharmacy or your pet's prescriptions, please give us a call!
